

Winners of the Bracco Imaging scholarships provided by the Bracco Foundation and six municipalities in the Region of Lombardy

The 11 scholarships for 2021 - 2022 provided by the Bracco Foundation in collaboration with Bracco Imaging went to university students from the towns of Bovisio Masciago, Ceriano Laghetto, Cesano Maderno, Cogliate, Limbiate and Solaro. The applicants came from highly diverse faculties and courses, ranging from the traditional, such as Medicine and Biotechnology, to the more innovative, such as New Art Technologies and Media Languages.

We welcome all the winners into the Diventerò community. Their names below are divided according to the category under which they entered:
